

PRODUCT SPECIFICATION BULLETIN

WIZARD® MODEL G DRUM DEHEADER

The most versatile and popular model, the Wizard® Model G drum deheader cuts on the inside of the rolled edges of the drum leaving a smooth, burr-free, "hand-safe" edge.

BENEFITS:

- Safe - no jagged edges
- Fast - deheads 30-55 gallon drums in less than one minute
- Simple - easy to operate - no special training required
- Ergonomic - easy to adjust
- Versatile - air and electric power models
- Durable - low maintenance - long lasting
- Portable - can be used wherever drums accumulate
- Universal - cuts all drum sizes, inside and outside cuts
- Worldwide availability

The Wizard® Model G is ideal for deheading a high to moderate volume of full and empty 30-55 gallon steel drums up to 20 gauge constructions. Empty drums, once deheaded, are ideal for use as storage, shipping, or utility containers. The Wizard® Model G also easily removes the tops and bottoms of steel drums to facilitate their disposal.

The Wizard® Model G self-propelled drum deheaders (available in air, automatic air and electric power) can be easily converted to an outside cut. A quick and simple change of a few components allows you to use this one of a kind tool for all your drum deheading needs.

ELECTRIC

Electric models are chosen for quiet operation and when 110 voltage is available.

- ▶ 1/3 HP, 110 V, 60Hz, Single Phase, Full load Amps 5.7 and 220 in/lbs Torque.
- ▶ Optional electric models available upon request - 220 volt single phase - 50 or 60 Hz.
- ▶ Shipping Weight: 73 lbs., Net weight: 48 lbs.
- ▶ Unit Dimensions: 17"L x 11"W x 25"H

MANUAL AIR

The air model is preferred in industrial settings where floors and work areas are wet.

- ▶ 60-100 PSI, 25 CFM, airline filter and lubricator suggested with all air driven units.
- ▶ 1/2 HP, Variable Speed, 4 Vane Reversible Air Motor and 30:1 Gear Reducer.
- ▶ Shipping Weight: 70 lbs., Net Weight: 53 lbs.
- ▶ Unit Dimensions: 17"L x 11"W x 22"H

AUTOMATIC AIR

The automatic air model is effective when a large number of drums are being deheaded. Automatic powered cutting and Plunger Valve control are features of this model.

- ▶ 1/2 HP, Variable Speed, 4 Vane Reversible Air Motor and 30:1 Gear Reducer.
- ▶ Shipping Weight: 98 lbs., Net Weight: 57 lbs.
- ▶ Unit Dimensions: 23"L x 11"W x 20"H
