- ▶ Dimensions - 12"L x 10"W x 24"H

### BENEFITS

- ▶ Quiet - supplied with a quiet motor and tangle resistant cord
- ▶ Reduce operating expenses - reduces waste, hauling, storage and landfill fees and costs
- ▶ Fast - removes chime in less than one minute
- ▶ Portable - lightweight

### ABOUT WIZARD DRUM TOOL CO.

Wizard Drum Tool was established in 1964 as a product of the Hydro-Thermal Corporation when they acquired the rights to manufacture the self-propelled drum deheader. The deheader was designed by a local inventor in response to a need in the food industry to open tomato paste shipped in 55 gallon steel drums. An inside cut deheader was later developed as a spin-off product in response to the non-food industry. Drum deheading accessories were later added to the product line. In 1990, Wizard was designated as a separate company and headquartered in Waukesha, WI.
